

## Computer Science & Information Technology Fees

Non-EU Fee = €3,654 + course fee below.

| Course Title  | Non- Refundable Student Charge | Additional Student Course Fee | Total for Student |
|---|--------------------------------|-------------------------------|-------------------|
| <b>Advanced Networks &amp; Cyber Security</b> (Computer Systems and Networks) | €50.00                         | €0.00                         | €50.00            |
| <b>Advanced Software Development</b> (Software Development)                   | €50.00                         | €0.00                         | €50.00            |
| <b>Computer Science</b> (Computer Systems and Networks)                       | €50.00                         | €0.00                         | €50.00            |
| <b>Data Handling - Risk &amp; Compliance</b> (Information Processing)         | €50.00                         | €0.00                         | €50.00            |
| <b>FIT - IT Maintenance and Support</b> (Computer Systems and Networks)       | €50.00                         | €0.00                         | €50.00            |
| <b>IT Tech Support</b> (Computer Systems and Networks)                        | €50.00                         | €0.00                         | €50.00            |
| <b>Networks &amp; Cyber Security</b> (Computer Systems & Networks)            | €50.00                         | €0.00                         | €50.00            |
| <b>PsychTech - HCI Development</b> (Software Development)                     | €50.00                         | €0.00                         | €50.00            |
| <b>Software Development</b> (Software Development)                            | €50.00                         | €0.00                         | €50.00            |
